*Failed Images* Ernst van Alphen, 2018 'Failed Images' attempts to understand the divergence between photography and the reality it portrays, analysing the various ways the photograph transforms that which exists before the camera. Because the photographic medium enables very different practices, which in turn results in many kinds of images, it must also be examined from a perspective outside of the dominant approach to the medium, generally called the 'snapshot.' This book therefore explores the photographic image by focusing on practices which refuse this conventional approach, namely staged, blurred, under- and overexposed, and archival photography.

*History, Disrupted* Jason Steinhauer, 2021-12-07 The Internet has changed the past. Social media, Wikipedia, mobile networks, and the viral and visual nature of the Web have inundated the public sphere with historical information and misinformation, changing what we know about our history and History as a discipline. This is the first book to chronicle how and why it matters. Why does History matter at all? What role do history and the past play in our democracy? Our economy? Our understanding of ourselves? How do questions of history intersect with today's most pressing debates about technology; the role of the media; journalism; tribalism; education; identity politics; the future of government, civilization, and the planet? At the start of a new decade, in the midst of growing political division around the world, this information is critical to an engaged citizenry. As we collectively grapple with the effects of technology and its capacity to destabilize our societies, scholars, educators and the general public should be aware of how the Web and social media shape what we know about ourselves - and crucially, about our past.

*Grandma's Gift* Eric Velasquez,2013-10-08 This prequel to Eric Velasquez's biographical picture book *Grandma's Records* is the story of a Christmas holiday that young Eric spends with his grandmother. After they prepare their traditional Puerto Rican Christmas celebration, Eric and Grandma visit the Metropolitan Museum of Art for a school project, where he sees a painting by Diego Velasquez and realizes for the first time that he could be an artist when he grows up. A heart-warming story of self-discovery, *Grandma's Gift* is a celebration of the special bond between a grandparent and grandchild.

*The Sistine Chapel: a Study in Celestial Cartography* William John Meegan,2012-11-30 GODS MISSIVE TO THE SOUL THE SISTINE CHAPEL: A Study in Celestial Cartography is a highly mystical and contemplative inquiry into The Mysteries and Esoteric Teachings of the Catholic Church. The Catholic Church's only onus in the world is to re-articulate the sacred scriptures esoterically into as many artistic venues as possible. Through a comprehensive comparative analysis of the symbolic and esoteric patterns codified to the Judeo Christian Scriptures, the landscape of Jerusalem, Chartres Cathedral (stone and glass), Dante Alighieris La Divina Commedia (pen and ink), the Sistine Chapel (mosaics, paint and wet plaster) and Saint Peters Basilica (marble) the reader can determine for him or herself the efficacy of the esoteric science, which hails from the dawn of the time/space continuum as a direct missive from God. The author discovered a relatively simple and yet extremely sophisticated mathematical and grammatical system of thought in ancient literature: the integration of the Seven Liberal Arts. Antiquity developed this esoteric science inherent in the soul/psyche to codify the Word of God esoterically into the world's sacred literature. Each letter of the world's sacred literature is symbolized and alphanumerically structured, which makes the interpretation of each word far more important than the sum of its letters. The Holy Writ: i.e. the world's religious literature is an encyclopedic library of knowledge relating wholly to the soul/psyche. There is no purpose for esotericism's existence other than for God to have a one-on-one relationship with the soul/psyche. Why is the soul/psyche seemingly in the world? How did the soul/psyche come to its present state of existence? What can the soul/psyche do to extricate itself from its plight when the dynamic forces of the world become too oppressive for it to bear?

Dogs on the Trail Blair Braverman, Quince Mountain, 2021-10-26 A delightful photographic journey into a year in the life of a team of sled dogs, based on Braverman's wildly popular Twitter feed When Blair Braverman started posting pictures of her dog team on Twitter, she had no idea the response she would get. Being a musher, after all, isn't just about racing—raising dogs from puppyhood to retirement (and beyond) is a full-time job. She and her husband, musher Quince Mountain, wanted to share stories about life with their dog team. And not just the big stuff, like expeditions and wild animal encounters, but also the everyday things: the challenge of storing a thousand pounds of raw meat, scouting new trails with the dogs, the decisions that go into putting a team together, how she trains puppies to be brave. These were goofy stories, scary stories, heartfelt stories, stories that clearly connected with people and kept going viral. Inspired by those connections, *Dogs on the Trail* is a chronicle of a year in the life of their dog team. Beginning in the fall as the weather starts to cool, training on both dry land and in the snow, then camping and racing. Spring brings mud—lousy for sledding, but the dogs love it. And summer is the season of puppies. The book ends on a beginning, in anticipation of the adventurous lives that the new pups have in store. An irresistible adventure, *Dogs on the Trail* will delight and entertain while taking you inside a musher's world, and showing you why the wilderness isn't simply a place to visit but also a home to return to.

*Max and Ruby's Bedtime Book* Rosemary Wells, 2015-11-10 At bedtime, Grandma tells Max and Ruby three favorite stories about themselves.

**Singing from the Well** Reinaldo Arenas,1988-06-01 His mother talks piously of the heaven that awaits the good, and disciplines him with an ox prod. His grandmother burns his precious crosses for kindling. His cousins meet to plot their grandfather's death. Yet in the hills surrounding his home, another reality exists, a place where his mother wears flowers in her hair, and his cousin Celestino, a poet who inscribes verse on the trunks of trees, understands his visions. The first novel in Reinaldo Arenas's secret history of Cuba, a quintet he called the Pentagonia, *Singing from the Well* is by turns explosively crude and breathtakingly lyrical. In the end, it is a stunning depiction of a childhood besieged by horror--and a moving defense of liberty and the imagination in a world of barbarity, persecution, and ignorance.

**Moominpappa at Sea** Tove Jansson,2014-09-02 Leave Moominvalley? Is it possible?
